

Jones Feed Mills

Information update

Linwood: 1-800-265-8735 or 1-519-698-2082 Fax: 1-519-698-2719 www.jfm.on.ca August, 2007

Reminders:

To ensure feed can be delivered when you need it, please place your order by 11am the day before the feed is required.

There is a 20 bag or a half tonne minimum for custom feeds and premixes when you order. Please keep this in mind when you call.

Please label your bins to reduce the risk of an error when feed is delivered. Also, when designing or making changes to a bin, keep the safety of yourself and our drivers in mind. Bin labels are available from Jones Feed Mills.

What's New at Jones

Cat and Dog Food – Jones Style

Coming this month, Jones brand cat and dog foods will be available. These foods will have the same nutritional content as the Happy Paws brand we currently stock, but at a lower price. Happy Paws will be phased out of our three mills, replaced by the Jones foods.

Contact the feed mill or your sales representative with any questions about the pet food or about the pricing difference.

New Sales Representative

Jones Feed Mills is pleased to announce Burk Gronau has joined our sales team. Burk has a tremendous amount of agricultural sales experience and is well known within the livestock feed industry, especially within the poultry sector.

Website revisions to keep you informed

Keep posted on events at the mill by checking our website at <http://www.jfm.on.ca>. Updates have been made, including new product information, online newsletters, and a list of certifications we hold at the mills.

Continual changes will be made to keep you informed. If you have any questions about what you see on our website, or features you would like us to add, please contact Patricia at the Linwood location.

Labour Day

A reminder that all three mills will be closed on September 3 for Labour Day. Please place orders well in advance to ensure delivery.

Livestock Futures – July 27 / 07

Live Cattle - \$/cwt	Change	Dressed Hogs \$/ckg	Change

Canadian Dollar 1.05000 -0.01724

The change column refers to the change in futures from the values published in the last update. All prices are in Canadian dollars.

Management Corner

Stretching your Pasture

If the pastures and hay are getting tired, Jones has feeding solutions available for your cattle.

Beef Grower Pellets – if your pasture or silage is getting scarce, grower pellets are an economical way of stretching your on-farm feeds. Medication can be included in all pellets. Ask your sales rep for appropriate feeding rates.

High Fiber Commodity Pellet – these pellets can be used to replace hay or pasture when grass is scarce

9% High Fiber Pellet – ideal for extending pastures, provides some vitamins and minerals

11% Classic Beef Pellet – balanced to provide necessary protein, energy, vitamins and minerals

13.5% Grower Pellet – ultimate grower pellet, our all time best seller

Beef Finishing Feeds – complete beef feeds are convenient, and economical. Jones micronized beef feeds minimize the cost per pound of gain. All finishing feeds contain Rumensin.

CBR5 – an equal blend of micronized barley, micronized corn and supplement pellets

CBR6 – two thirds micronized corn blended with one third supplement pellets

IG1 – 90 per cent micronized corn and 10 per cent supplement pellets. This product qualifies for the Ontario Corn Fed Beef program.

New Ideas in Beef Farming

Ever wonder how a methane digester generates electricity, or what is new in beef barn design, pasture farming and feedlot farming? Come to the Waterloo Cattleman's Association annual bus trip on August 21 from 8am to 5:30pm. Stops include BLT Farms, Drayton to learn about methane digesters and Melvin Brubacher in Clifford to view his new barn, before going to a lunch provided by the Chesley Women's Institute. In the afternoon, the tour will go to pasture and feedlot operations in the Chesley area. Buses leave OLEX at 8am or Linwood Vet at 8:30am, and will return at approximately 5:30pm. Tickets are \$30 including lunch, and can be purchased from Steve Foster and Stewart Cressman.
